There is no Substitute for a Waltham Watch

The best pocket timepieces in the world are American watches, and the best American watches are Waltham watches. This is proved by the conclusive and permanent testimony of 15,000,000 Waltham watches. When a dealer offers a Swiss watch in preference to a Waltham watch, it is to secure a greater profit for himself.

The fire originated in the planing
mill, and brilliantly illuminated the
lower part of the city, and soon attracted a great crowd, which lined
the wharves. The fire department stationed its engines on the city side,

No Appeal to Council.

Among the speakers yesterday were Chairman Wortham, Messrs, J. E. Cannon, O. H. Funsten, E. G. Leigh, W. T. Reid, I. J. Marcuse, W. W. Hardwicke, Douglas Lecky, L. O. Miller, S. W. Meek, Joseph Bryan, J. R. Gordon, R. S. Tuck, J. C. Freeman and others.

Mr. Funsten thought perhaps the Council might be called upon to make an appropriation from the city treasury for the purpose and help out the fund, probably to the extent of \$5,000, He asked the views of Mr. Cannon, who is a Councilman and a member of the Finance Committee, Mr. Cannon replied that the present Council had been called upon to make more appropriations of the regular and extraordinary kind than any of its predecessors. It had already been petitioned to appropriate a haif million dollars in excess of the city revenue, and he did not think the Finance Committee would or could look favorably upon a new extraordinary appropriation of \$5,000,

There was considerable discussion of means to get the requisite amount in a lump sum, and one proposition was to call on the Richmond Rotall Merchants' Association to take the matter up and raise the balance necessary, but the committeemen abandoned all such schemes and decided to resume business themselves along the same lines they have been pursuing—that is, a house-to-house and manto-man canvass—to be pushed until overy dollar needed is raised.

Some wanted to finish the work to-day, but in view of the Davis Monument parade and other matters that will attract the attention of the people, it was thought best to make a two days' job of it.

the attention of the people is thought best to make a two duys' job of it.

The meeting closed with every committeeman newly aroused and, it possible, more entiusiastic and determined than on Tuesday morning, when the rush movement was inaugurated. It is confidently believed by General Chairman Wortham and his associates that when the committees come together to-morrow night they will report the \$30,000 mised.

by Physical Director Retard. The card as now arranged includes nine events. They are—four relays, springboard high jump, indoor baseball game, a series of athletic figures by the leaders' corps of boys' classes, two basketball contests and a potato relay race.

The relay teams have not yet been picked, but this will be done by Mr. Retard in a few days, and will be announced in these columns later. The first relay race will be between the Carlisles and the Iroquois, and the second between the Cherokees and the Mohawks, all four squads to be composed of members of the boys' classes. The third relay is scheduled between the Reds and Whites of the Junior class. The teams will be captained by ira Lichtenstein and N. D. Hargrove, Jr., respectively. The fourth relay will be between teams picked from the 6:15 and 8:20 classes, respectively.

The members of the Red and White fours will also compete in the springboard high jump. The indoor baseball game will be contested between teams composed of the "Weary Willies," of the 8:30 class, and the "Hayseeds," of the 6:15 class. This branch of sport has here-tofore been practically an absent quantity in this city, and much interest has been aroused at the local institution in it. It is one of the least dangerous and cleanest indoor sports played, and should attract no small amount of attention for cleanest indoor sports played, and should attract no small amount of attention for

CURES S.S. SKIN DISEASES

No skin disease can exist without an underlying cause, and in most instances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and inflammation on the surface, and Eczema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acrid matter, is nourished and soothed by a cooling, healthy stream of blood. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease, Special book on Skin Diseases and any medical advice free.

Comedy Acrobatic Work and Moving Pictures on the Program.

Hundreds of pleased patrons have enjoyed the comedy acrobatic work of Laredo and Blake at the skating rink all this week. The hand-balancing work is especially good, and the act addition to the act, a series of new pictures, such as are only seen at the kating rink, are shown every night, those this week being especially good. good. They show the falls from many different viewpoints, the Whirlpool Rapids, the Cave of the Winds, and many other points of interest seen only by those taking a trip to that femous wonder. Hundreds of beginners are taking advantage of the afternoon sessions, and one of the skaters was heard yesterday afternoon singler.
